Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Novel insights in the pathophysiology of colorectal anastomotic leakage

Audrey Jongen

Maastricht, 26 september 2019

1. A new definition for colorectal anastomotic leakage is needed to increase uniformity in data reporting and to facilitate comparison of studies – Dit proefschrift
2. The use of near infrared fluorescence imaging is effective in assessing adequate perfusion of the intestine at the future anastomotic site – Dit proefschrift
3. Surgery and not NSAIDs is the most important influence for the postoperative shift in gut microbiome composition in a rat model for colonic anastomotic leakage – Dit proefschrift
4. The lack of a functional mucous layer leads to impaired anastomotic healing in a mouse model for colonic anastomotic leakage – Dit proefschrift
5. A combination of mechanical bowel preparation and oral antibiotics reduces the risk of infectious complications following colorectal surgery.
6. The ideal method of uniting intestinal wounds has yet to be devised. – Nicholas Senn
7. Current surgical practice is an accumulated wisdom, mixing fact, opinion, and magical thinking in unknown proportions – Dr. Jeffrey B. Matthews
8. To solve a difficult problem in medicine, don't study it directly, but rather pursue a curiosity about nature and the rest will follow. Do basic research. – Roger Kornberg
9. Werken en feesten vormt schone geesten. – Johanna Westerdijk
10. What got you here won't get you there – Marshall Goldsmith
11. All that you are seeking is also seeking you. If you lie still, sit still, it will find you. It has been waiting for you for a long time. – Clarissa Pinkola Estes
